I will end my letter with the following statements, which Pro Touch SA have always believed in and built the organisation philosophy environment:

Sports is like investing in any good potential businesses; well here, you are investing in your child's future and development, to possibly someday becoming a professional athlete or in better terms getting a sports degree/education at possible the highest grade.

In the past few years, over 70% on our Elite Academy intake for players for the under 6 and 7's has come through our Enfield and Islington Centres, which demonstrates the pathway and progression the children have made since signing to our Development Centre. I am keen to continue this journey, and furthermore develop some of those players into one day becoming schoolboy professional footballers.

If you have any questions or queries, please speak with Ash Rahman (07732 872 022) or me either by email or on our mobiles.

Thank you for your time and co-operation
